AR26

Concrete Compaction In Prefabricated Concrete Factories

The specialist for first class concrete surfaces: AR26

First-class compacted concrete is essential for the production of concrete surfaces. Thanks to its high-quality design, Wacker Neuson's external vibrator AR26 offers this precision compaction. The result: Beautifully smooth and level concrete surfaces on walls, pillars and columns.

- Long staying power thanks to its powerful electric motor with stable speeds.
- Available for all standard voltages and frequencies
- Fast assembly thanks to easy to use fastening clamps
- Ca. 1 kg lighter than its forerunner model AR36.
- Small, compact and light.

Technical specifications

AR26/6/250

Vibrations	6,000 rpm
Centrifugal force max.	3.47 kN
Rated voltage 3~	250 V
Rated current	1.3 A
Weight	4.6 kg
Fastening	90 x 125

Please note

that product availability can vary from country to country. It is possible that information / products may not be available in your country. More detailed information on engine power can be found in the operator's manual; the stated power may vary due to specific operating conditions.

Subject to alterations and errors excepted. Applicable also to illustrations.
