

## SURFACE SCARIFIERS

### FEATURES:

- Versatility - Surface grinder/scarifier with a cutting width of 200 mm (8"), ideal for concrete or asphalt surfaces. A variety of multipurpose, interchangeable tools makes surface cleaning easy, virtually eliminating down time for changing tools
- Handling - The machine combines lightweight with compact size & high performance
- Economical - The machine gives unsurpassed value & return on your investment in time & equipment
- Adjustable - The fine pitch tool height adjustment makes the machine responsive to your needs & extends tool life
- Expandable - An optional edger cage can be fitted allowing you to work within 12 mm from any wall or protrusion. A dust control outlet is fitted to allow use with an optional dust extractor
