

Husqvarna K 1260

Some jobs require exceptional power. The K 1260 is a real powerhouse with an impressive 5.8 kW output, turning your heaviest cutting job into a fast and effective operation. Suitable for road works when used with the corresponding KV970/1260 trolley. The trolley also means you can fully concentrate on the cutting job.

HIGH POWER WITH LESS FUEL

Our built-in automatic filter compensation SmartCarb™ maintains high power and lowers fuel consumption.

REDUCED WEAR

Reduced wear thanks to the drive belt with fully sealed transmission, which keeps out the cutting dust.

CUTS CLOSE TO WALLS OR GROUND

Possible thanks to the reversible cutting arm

MAINTENANCE-FREE AIR FILTER

The only time the filter needs to be checked and changed is if you experience lack of power.

Features Husqvarna K 1260

- The drive belt with fully sealed transmission keeps out cutting dust for reduced wear and allows close cutting to walls and floor.
- Blade retarder
- Our two-step filtration system with centrifugal cleaning and a single paper filter increases product life and extends service intervals.
- Reduced vibrations in the cutter handle for more comfort and longer operation periods.
- EasyStart ensures easier starting by reducing the compression in the cylinder.
- Our built-in automatic filter compensation maintains high power during the air filter life time.
- Provides better transmission of power, less frequent re-tensioning and extended service intervals.
- The water adjustment gives an efficient dust management and makes operation easier and more efficient.

TECHNICAL DATA	
Engine	Air-cooled 2 stroke engine
Cylinder displacement	118,8 cm ³
Power output	5,8 kW
Fuel tank volume	1,25 lit
Idling speed	2700 rpm
Vibrations front handle	3,3/3,6 m/s ²
Vibrations rear handle	3,5/4,1 m/s ²
Sound pressure level at operators ear	103 dB(A)
Sound power level, guaranteed (LWA)	117 dB(A)
Blade diameter	350/400 mm
Max cutting depth	125/145 mm
Weight (excl. cutting equipment)	13,7/14,4 kg
