Test Description	Minimum Load Applied
Proof Load Test	500.00 kg

A load as specified was applied. After removal of the load, each item was examined by a competent person and found to be free from permanent set, flaw or other visual defect, and complies with the requirements of this test. Where A. Noble & Son Ltd carry out proof tests on goods which are not their manufacture they are not responsible for the final integrity of the product if a proof test and careful visual inspection by a competent person does not identify any short comings in design or manufacture. The goods covered by this certificate have been examined and tested in accordance with the specific specification.
